## **FCSS Hosts Their First Annual Youth Culture Camp**

#### July 27- 30, 2020

With the complete shutdown of schools and almost all summer activities cancelled, the FCSS department has stepped up to the plate and provided the kids of CLFNS with an outlet to learn about our traditional Dene way of life while still being able to enjoy the summer sun.

~ Competitors show off their "rig" building skills as the race to make a fire and boil fresh Labrador Tea.

During the week of July 27, the CLFNS, FCSS department held is first annual Youth Culture Camp along the shores of Jie Hochilai. (Berry Point). Children from across the Nation spent the week partaking in various workshops that focused on the traditional knowledge and practices of the Dene people.

The children learned firsthand how to harvest raw materials from the surrounding forest and turn them into fully functional birch bark baskets. They mastered the art of fire making (using only surrounding materials) and had to compete in group competitions that showcased their newfound skills. Between the smoking of recently caught fish and collecting leaves for Labrador Tea the attendees were welcome to swim the cool waters just off the shore of Jie Hochilai and enabled them to enjoy the summer weather while learning important traditional life skills. Elders in attendance, guided the children on the sacred tradition of offering tobacco and giving thanks for what the creator has provided.

In a modern world where Ipads are king and most kids have never seen a home phone, these Culture Camps are essential in keeping traditional knowledge and customs alive.

This was the first annual camp and the organizers look forward to next year. Continued on page 3.

## FCSS Hosts Their First Annual Youth Culture Camp (cont)

~ Fresh fish drying inside the smoking tent.

~ Freshly picked leaves for Labrador Tea.

~ "Rat Root" harvested from the shores of the Medley River, one of the strongest traditional medicines known to exist.

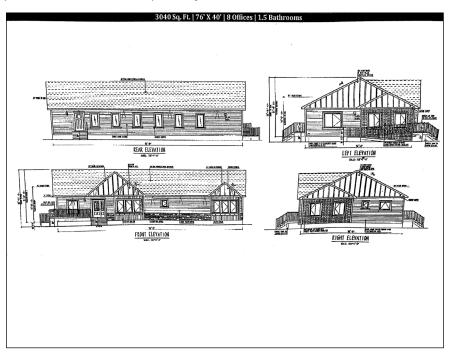

## **CLFNS Opening a New Mental Wellness Facility**

~ The two sections of the Mental Wellness building during assembly (above) and the full schematic of the complete building (below).

Mental wellness is and always has been a serious concern for the people of Cold Lake First Nations. In the past six months COVID-19 has caused skyrocketing numbers of depression and suicide rates nationally and globally. Thankfully the Health Department has acquired a new facility to help with these pressing issues.

Once fully operational, the eight office Mental Wellness facility will focus on specialized mental health care and the developmental needs of the members of our community. In the interim, it will be utilized as a safe isolation facility in the instance of a COVID-19 outbreak.

## **CLFNS Fitness Centre Renovations Almost Complete**

Amongst the busy contruction of the new waterline and the new Mental Wellness facility, the old Dene Tech building has received a major facelift. Once complete, it will be the home of the new Cold lake First Nations Fitness Centre.

No longer will members have to travel to the neighbouring towns to get a good set in, the centre be a complete gym that aims to keep CLFNS members healthy and active.

~The new Fitness Centre (formally Dene Tech) just before being resided.

## **Graveyard Gets Well Needed Clean Up**

A large (and well needed) clean up of the graveyard was made this past month. Overgrown grass and brush was trimmed, mounds were carfully leveled and bare spots reseeded. Decayed ornamants and flowers were respectfully relocated (with concent) and now the final resting place of our cherished loved ones remains tidy and peacefull.

If you have any family or loved ones for whome you've layed flowers, now would be an ideal time to freshen them up in honour of their memory.

~A bronze cross dating back almost 100 years, sits guard amongst the more modern grave markers.

## **CLFN Education Program Information**

## Applications for the 2020-21 school year K-12 programs will start processing after September 1.

## The following are the programs in effect:

- 1. School Supply Reimbursement (Up to \$200)
- 2. School Fee (Up to \$150)
- 3. School Field Trip (Up to \$100)

\*please ensure you have all the required information requested on the application.

All applications can be found on the CLFN website or can be requested at education@clfns.com If you have questions, you can contact Melissa Scanie (780)594-7183 ext.262

25	No School (PD/CP) Students' Last Day Organizational Day/ Teachers' Last Day 9 - Early Dismissal for PLCs

## **Home Education**

#### Background

The Division believes the parent has a right to choose Home Education as an alternative method of schooling for their child(ren). This option for parents and their children is available in partnership with the neighbourhood school and the Alberta Distance Learning Centre.

#### Procedures

1. Where the choice of Home Education is exercised, the Division will assume a supportive role to the parents to ensure the student's access to resources and to ensure satisfactory student achievement.

2. The student must be enrolled in a full-time program under the supervision of a host school. Students in grades 1 to 9 must register before September 30 in any school year. Students enrolled in a high school program must do so in consultation with a high school counselor or one of the Outreach programs.

3. Students enrolled in a home schooling program apply for and receive distance educationcourses. The courses aredivided up into modules. Each module represents a distinct learning concept or topic that is required to complete the course. The number of modules varies according to the course subscribed for, but eight (8) is not an unusual number. When a student has completed a module, it is usually mailed away for evaluation. The instructions for this are contained in the parent package. When all the modules are complete and have been evaluated, the student is ready to write the final exam.

4. A learning plan which meets the Alberta Program of Studies outcomes must be developed for each student. Home school parents and students are to contact the Principal of their host school to develop a learning plan. Included in the learning plan are timelines, course selection and reporting standards. The Division will receive a nominal yearly grant per student from the provincial government and schools may pay for a significant portion of the student's planned program, not exceeding the funded amount. Such a plan must include the requirements of daily assignments and a commitment to at least 30 hours of study per week.

5. Schools may be able to provide textbooks, library access, or supplemental support for home school students. This is arranged on an individual basis and may involve additional costs. In some cases, students may arrange for a blended home school program that gives the student the opportunity to take selected school courses and/or participate in extra-curricular activities. Such arrangements are at the discretion of the Principal.

6. The parent must commit to attend meetings and submit program reports to the host school.

7. Exams will be sent to the host school after the last assignment in the course has been received. A teacher or administrator will supervise the exam. If students are writing a diploma exam during the summer, they must register at one of the test writing centres. Bonnyville High School (780-826-336) or J.A. Williams High School in Lac La Biche (780-623-4271).

8. The student must write provincial achievement and diploma examinations as appropriate.

9. The Division operates a summer school program for high school students. Home school students are welcome to register for courses during the summer term.

10. The Superintendent believes every Division has a responsibility to support its own Home Education rate payers and the Division will act as a willing, non-resident Board for Home Education programs only in circumstances where there is concurrence and agreement from the resident Board.

11. More detailed home schooling program information can be found in the Home Schooling section posted in the NLSD website http://www.nlsd.ab.ca/HomeSchool/index.html St. Paul Trip For Status Card ApplicationsAug 12, 20208:30 am from the Admin Building
